

ALAMY WELL TRAVELLED

www.alamy.com

Alamy has acquired distribution rights for the *Hemis* collection. This travel-focused library offers a mix of visual perspectives on many cities and landscapes from all over the world, according to the company.

The resource features over 30,000 images. Alamy says the collection covers the heritage, culture, and local peoples from around the world, and also features a strong set of travel images from France.

The collection can be viewed and purchased from the Alamy Web site.
